Subject:—

Entertainment of Probationers for the Chemistry Section of the Department of Mines and Geology.

* Q
* U
* J
* G.
An examination was to have been held on the 16th August 1915 for the selection of Chemistry Probationers sanctioned in Government Order^x No.8445-93/G.M. 292-14-1 dated the 9th February 1915, but it had to be postponed as only one candidate came forward.

* R
2. On the report of the Director, Department of Mines and Geology, that there were practically no Mysorean Chemistry graduates available then and that it would be advisable to postpone the examination until June 1916, by which time a fresh batch of Mysore students would have been through the Chemistry B.A. examination, the examination was ordered^x to be postponed to June 1916 and the Director was requested to resubmit proposals in the matter in due time for sanction.

+ Pat. under signature
3. Accordingly the Director has now submitted^x proposals for holding the examination in June next with a draft of a notification inviting applicants.

4. In order to widen the scope of selection, it is now proposed firstly, to throw the posts open to all Mysore graduates in Chemistry and not to restrict it to Chemistry graduates from the Central College, as originally intended and secondly, to increase the pay originally notified to Rs.70-10-150, so as to make the posts more attractive.

* Page 4 of office notes.

5. The above proposals have been considered in Council and ^xapproved. The Director proposes that the first and second in order of place among the approved applicants should be selected by means of a competitive examination. The Council are, however, of ^xopinion that the best candidate in the examination should get one place and the other place should be given according to the discretion of Government to satisfy communal representation.

* Page 5 of —

File No.	62-15
To	

D.M. Narasinga Rao, Esquire, B.A., B.L.,

Secretary to the Government of His Highness

the Maharaja of Mysore,

General Department.

SIR,

Adverting to your letter No.G.7970-Geol.1-15-7, dated
R 20th December 1915, regarding the examination to be held for
 the selection of candidates for appointment as Chemistry
 Probationers, I have the honour to forward herewith for the
 approval of Government a draft of a Notice calling for appli-
 cations from candidates for admission to the examination. The
 chief points upon which orders are required are :-

- (1) The date~~s~~ of the examination.;
- (2) Whether the examination should be confined to
 graduates in Chemistry who are Mysoreans or
 open to others ; &
- (3) The pay of the Chemistry Probationers and the period
 of their probation.

On all these points I have consulted Dr. Coleman and
 Mr. Krishnayya and they agree -

- (1) that the examination may be held, as proposed by me,
 on the 26th and 27th June 1916, with one paper (Theory) of 3
 hours from 11 A.M. to 2 P.M. on the 26th June and one (Practi-
 cal) of 6 hours from 11 A.M. to 5 P.M. on the 27th June without
 an interval,

25

(2) that the examination may be confined to Mysoreans
Graduates [or to those who have graduated from the Central College
in Chemistry &]

Para 23
office note

(3) that the pay of the Probationers should, as suggested in
paras 4 & 6 of my letter No.326, dated 9th August 1915, be
Rs.70-10-150 with one year on probation - the same as is allowed
to the Junior Scientific Assistants of the Agricultural Depart-
ment. The Probationers would be confirmed as Assistant Chemists
after one year's satisfactory work and allowed the first incre-
ment one year after confirmation.

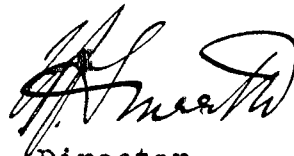

Q & Pages 11
6 13 Q office note

Department of Mines and Geology.

25

Draft.

Department of Mines and Geology.

26

Notice No. ~~2681~~, dated ~~23rd~~ ^{24th} May 1916.

are wanted

Two graduates in Chemistry for employment as Chemistry Probationers in the Department of Mines and Geology, and six graduates in Geology for being trained as Geologists, Prospectors and Mining Engineers are wanted.

2. The salary of the Chemistry Probationers will be Rs. 70-10-¹⁵⁰~~1200~~ and their appointments will be made on probation for ^{one}~~two~~ years, after which they will be appointed Assistant Chemists, if their work is satisfactory ^{and confirmed as} ~~and allowed to draw the first increment one year after confirmation.~~

3. The six Geological apprentices will be granted a monthly stipend of Rs. 75 each. After a suitable period of training, two of the most promising among them may be deputed to Europe for higher training in mining and metallurgical work. Apprentices who have shown satisfactory progress and ability will be eligible for appointment in the State service as vacancies occur.

3.1 The applicants must be natives of Mysore and must have graduated ^{in Chemistry} ~~within the past~~ three or four years. Candidates who have applied for the B. A. Degree Examination of 1916 will also be admitted conditionally on their passing the examination so as to entitle them to a degree, provided that evidence of their having appeared for the examination is furnished with the application. The applicants must ordinarily be not more than 25 years of age. The best among the approved applicants will be selected by means of competitive examination as follows, but two apprenticeships, will, if necessary, be reserved for giving due representation to communities.

(a) For Chemistry Probationers.—

- (1) Chemistry (Theory)—3 hours—100 marks.
- (2) Chemistry (Practical)—⁴~~3~~ hours—100 marks.

(b) For Geological Apprentices.—

- (1) Geology (Theory)—3 hours—100 marks.
- (2) Geology (Practical)—3 hours—100 marks.

4 A list of candidates whose applications have been approved by Government will be published in the Mysore Gazette, not later than 31st July 1916 and only such of the candidates as may be approved by Government will be admitted to the examination.

5. The scope of the examination will be the same as that of the Pass B. A. Degree of the Madras University, but the questions may be of a somewhat higher standard.

(26th + 27th June 1916) The examination will be held at the ^{central school} ~~Government High School~~, Bangalore, on the 16th August 1916, commencing at 10 A.M.

7. Applications with full particulars as to—

- (a) Age.
- (b) Caste.
- (c) Address.
- (d) Parentage (Father's name and occupation).
- (e) Educational and other qualifications with dates of passing the degree examination.
- (f) Character as testified to by (i) Principals of Colleges and (ii) other respectable men.
- (g) Physical fitness as certified to by a Medical Officer not below the rank of a District Medical Officer; and
- (h) Evidence showing that the candidate is a native of Mysore by birth or domicile,

must reach the Director, Department of Mines and Geology, Bangalore, before the ^(1st June) ~~15th July~~ 1916.

applicant will be regarded as a Mysorean
Note.—A person acquires a domicile in Mysore when he has voluntarily fixed the habitation of himself and of his family therein, not for mere special or temporary purposes but with the present intention of making it his permanent home. A continued residence for five years shall be *prima facie* evidence of having acquired a domicile.

DIARY NO. 10769

DEPARTMENT OF MINES AND GEOLOGY,
MYSORE STATE.

Camp. Mysore 14th June 1916.
Bangalore.

1915-1916	
SECTION	Geol
FILE NO	62-15

Dear Sir, M.L.C. 4.

In reply to your D.O. No. G.16695-Geol.62-15-3, dated 13th June 1916, I would suggest that the following dates may be suitably fixed for (1) the receipt of applications from candidates for the selection of Chemistry Probationers, (2) the publication of the list of approved candidates and (3) the conduct of the examination:-

- | | |
|--|--------------------------|
| (1) Date within which applications should be received. | 15th July 1916. |
| (2) Date within which list of approved candidates should be published. | 31st July 1916. |
| (3) Dates of Examination. | 14th & 15th August 1916. |

I think it would be more convenient for the examination to be held in the Laboratory of the Agricultural Department instead of at the Central College, Bangalore, as originally proposed, and shall be glad if the necessary alteration is made in the Draft notice (para 6).

Yours sincerely,

T. E. Jayarama Aiyar

T.E. Jayarama Aiyar, Esq., B.A., B.L.,

Under Secretary to Government,

Departments of Education, Agriculture,

Industries & Commerce.

DEPARTMENT OF MINES & GEOLOGY.

Notice No. dated

Two graduates in Chemistry are wanted as Chemistry Probationers ^{for employment} in the Department of Mines and Geology.

2. The salary of the Chemistry Probationers will be Rs.70-10-150 and their appointments will be made on probation for one year, after which they will be confirmed as Assistant Chemists, if their work is satisfactory and allowed to draw the first increment one year after confirmation.

3. The applicants must be Mysorean graduates in Chemistry or others who have graduated in Chemistry from the Central College, Bangalore, - within the past three or four years. The applicants must ordinarily be not more than 25 years of age. A competitive examination will be ---- held as follows:-

- (1) Chemistry (Theory) -- 3 hours -- 100 marks.
- (2) Chemistry (Practical) -- 6 hours -- 100 marks.

A list of candidates whose applications have been approved by Government will be published in the Mysore Gazette, not later than 31st July 1916 and only such of the candidates as may be approved by Government will be admitted to the examination.

Two candidates, ~~one according to rank and the other to satisfy communal representation~~, will be selected by Government on the submission of results by the Director.

4. The scope of the examination will be the same as that of the Pass B.A. Degree of the Madras University, but the questions may be of a somewhat higher standard.

5. The examination will be held at the Laboratory of the Agricultural Department, Bangalore, on the 14th and 15th August 1916 commencing at 11 A.M.

6. Applications with full particulars as to --

- (a) Age.
- (b) Caste.
- (c) Address
- (d) Parentage (Father's name and occupation).
- (e) Educational and other qualifications with dates of passing the degree examination.
- (f) Character as testified to by (i) Principals of Colleges and (ii) other respectable men.
- (g) Physical fitness as certified to by a Medical Officer not below the rank of a District Medical Officer; and
- (h) Evidence showing that the candidate is a native of Mysore by birth or domicile,

must reach the Director, Department of Mines and Geology, Bangalore, ~~before~~ the 15th July 1916.

Note.- An applicant will be regarded as a Mysorean when he has voluntarily fixed the habitation of himself and of his family therein, not for mere special or temporary purposes but with the present intention of making it his permanent home. A continued residence for five years shall be prima facie evidence of having acquired a ---- domicile.

FROM

DR. W. F. SMEETH, M.A., D.Sc., A.R.S.M., etc.,

Director, Department of Mines and Geology,

Mysore State

To

D.M. Narasinga Rao, Esquire, B.A., B.L.,

Secretary to the Government of His Highness

the Maharaja of Mysore,

General Department.

SIR,

With reference to para 2 of Government Order No.G. 16915-18-Geol.62-15-5, dated 19th June 1916, I have the honour to forward herewith for the information and early orders of Government a list of the applications, received in response to the Notice published in the Mysore Gazette issues of 22nd & 29th June and 6th July 1916, from candidates for admission to the examination to be held in August 1916 for the selection of Chemistry Probationers.

2. Only three candidates have applied and all of them are, in my opinion, eligible for admission to the examination. Two of them are Mysoreans and one a non-Mysorean who has graduated himself in Chemistry from the Central College, Bangalore.

3. The medical certificate produced by one of them, viz. Mr.M.R. Ananthanarayana Iyer, states that he has a small hydrocele but the Medical Officer does not consider it to be a disqualification for his employment "if he undergoes a small operation which will radically cure him". The defect may, I

think

think, be overlooked or the candidate admitted subject to the condition that he will undergo the operation suggested by the Medical Officer.

4. The single candidate that had applied for admission to the examination intended to be held last year, Viz. Mr.B.S.Iyengar, has renewed his application and is one of the three in the above list. His application, which is submitted herewith together with those from the other candidates, was received a day too late on the 16th instant, but as he has already been accepted last year he is entitled to appear for the examination. He requests that he may be exempted from the examination. This cannot be done, but if he does not appear and if other suitable candidates do not appear he might be given the chance of appearing for an examination at a later date.

5. The applications may kindly be returned when done with for record in this office.

I have the honour to be,

Sir,

Your most obedient servant,

Director,

Department of Mines & Geology.

P.S.-

Since the above was written I have just received a fourth application, dated 15th July 1916 (submitted herewith), from Mr.N. Venkatarasimha Char who has passed the Chemistry Branch of the B.A.Examination of the Madras University but has failed in English. The application is not in the prescribed form and was received late yesterday in the Office of the Director of Agriculture in Mysore from where it was forwarded to this office today. This applicant not being a Graduate is not eligible for admission to the examination.

For Director.
